

Oklahoma Soccer Association
Academy Travel Roster Policy

In order to better facilitate the United States Youth Soccer academy programs of Clubs in the Oklahoma Soccer Association, the Youth Board of OSA has established this policy for travel.

Travel Eligibility

- Any affiliate OSA Club wishing to travel with U9 or U10 USYS/OSA registered Academy Players playing through their country association must provide the following documentation:
 - A complete list of all OSA registered Academy Players playing through their country association participating in the Club Academy Program for that season year. Players must be registered through their member club and country association; there is no “direct, special event or tournament player” registration for Academy players.
 - A completed Academy Event Roster for the appropriate USYS Affiliate sanctioned tournament that offers an Academy Division.
 - “Guest Players” are not allowed; all players must be registered with their member club in that age group and through their country association.
 - A copy of the tournament application with rules for Academy team play.
 - Academy teams that desire to travel must meet all Academy Travel criteria and must complete a travel permit and have it approved at the OSA Office with their approved OSA Academy roster.
- No travel is permitted for Academy teams younger than U9.
- Travel is only permitted for club & country registered players in the U9 and U10 divisions. U8’s and below are not allowed to play or travel with older Academy teams.
- Academy teams may travel and participate in tournaments or friendly games in sanctioned Academy specific events. No Academy team may “play up” in a U11 bracket in a competitive tournament.
